Quality Policy

Southern Engineering Company Ltd. has demonstrated its commitment to quality by implementing a Quality Management system complying with the ISO 9001:2000 standard and other statutory regulatory requirements throughout its entire range of activities. This commitment involves every single employee whom we motivate through appropriate training.

Management is committed to continuous quality improvement for each and every process in the company in order to successfully enhance services to our customers in both the marine and non-marine industries.

Southern Engineering Co. places great emphasis on meeting the expectations and needs of our customers and stake holders while adhering to the company's philosophy and quality objective at all times:

- Customer Satisfaction
- Competence and competitiveness in our business
- Courtesy to all our customers

We shall achieve this commitment to quality by maintaining a formal quality system at all Southern Engineering Co. staff levels as outlined in our Quality Manual and Quality Procedures.
